

GLOBAL SKILL DEVELOPMENT COUNCIL

(GSDC)

CERTIFICATION PORTFOLIO

The Global Skill Development Council (GSDC) is an independent, vendor-neutral, international credentialing and certification organization for emerging technologies like Blockchain, Six Sigma, DevOps, Cloud, AI-ML, ISO, Agile, Generative AI and L&D professionals.

 www.gsdccouncil.org

Master Certifications

GSDC DIGITAL TRANSFORMATION OFFICER

GSDC's Certified Digital Transformation Officer gives learners an in-depth understanding of the process and technologies such as Cloud computing, DevOps Practitioner, Agile Scrum Methodologies, Cyber Security, and Data Science to meet changing business needs and improve business processes.

MACHINE LEARNING MASTER (CMLM)

The GSDC Certified Machine Learning Master (CMLM) certification is a high recognition of expertise in the field of machine learning.

PROCUREMENT PROFESSIONAL

Elevate your procurement career to new heights with the prestigious GSDC Certified Procurement Professional Certification (CPP).

FULL STACK DATA SCIENTIST

GSDC's Full Stack Data Scientist Certification covers the complete data science lifecycle. Candidates learn to identify business problems, analyze data sources, transform data for ML algorithms, train models, and measure their effectiveness.

PMO PROFESSIONAL

The Certified PMO Professional certification, offered by the Global Skills Development Council (GSDC), is a globally recognized credential for PMO professionals.

PRODUCT MANAGER

The GSDC Certified Product Manager credential establishes a paramount milestone for accomplished product managers, substantiating their adeptness in steering product triumph.

DEVOPS MASTER

The DevOps Master Certification offered by GSDC is designed to provide comprehensive knowledge and practical expertise in implementing the DevOps framework.

FINOPS CERTIFIED PRACTITIONER

The GSDC FinOps Certified Practitioner (FCP) certification is a globally recognized credential that validates professionals' expertise in financial operations (FinOps).

GDPR LEAD IMPLEMENTER

The GSDC Certified GDPR Lead Implementer certification equips professionals with the knowledge and skills required to effectively implement and manage the General Data Protection Regulation (GDPR) framework within organizations.

FULL STACK DEVELOPER (CFSD)

The GSDC Certified Full Stack Developer (CFSD) certification is designed for aspiring java full stack developer certification professionals seeking to establish their expertise as full stack python developer certification holders.

CERTIFICATE OF GLOBAL LEADERSHIP EXCELLENCE

The GSDC's Global Leader Excellence Certification is a key credential for leaders navigating the complexities of modern organizational landscapes.

L&D and HR

LEARNING & DEVELOPMENT PROFESSIONAL

The Certified Learning and Development Professional (CLDP) program is an internationally recognized certification that is designed to enhance the competencies of L&D professionals.

L&D ANALYTICS & METRICS PROFESSIONAL

The GSDC Certified L&D Analytics & Metrics Professional certification is designed for individuals seeking to enhance their L&D metrics and analytics expertise.

INSTRUCTIONAL DESIGNER

The Certified Instructional Designer certification offered by GSDC is a professional certification program that aims to validate the skills and knowledge of individuals working in the field of instructional design.

CHIEF LEARNING OFFICER

As the workplace evolves, so does the job of the learning professional. The Chief Learning Officer (CLO) certificate was established to honor individuals who have excelled in leading enterprise-wide learning strategies and projects.

CHIEF HUMAN RESOURCES OFFICER

The GSDC CHRO certification exam evaluates strategic leadership capabilities for high-level human resources professionals. This credential distinguishes certified human resource officers equipped to drive organizational success as dynamic CHROs.

HUMAN RESOURCES (HR) PROFESSIONAL

The GSDC HR Professional certification is a globally recognized and highly respected credential that demonstrates an individual's knowledge and expertise in the field of human resources.

PRACTITIONER IN HUMAN RESOURCE

The GSDC Human Resource Practitioner certification recognizes individuals who have demonstrated expertise in the field of Human Resources.

PERFORMANCE & COMPETENCY DEVELOPER

The Certified Performance & Competency Developer (CPCD) certification offered by GSDC (Global Skill Development Council) is a professional certification designed for individuals who already have relevant knowledge and experience in the field of performance and competency development.

BALANCED SCORECARD PROFESSIONAL

GSDC Certified Balanced Scorecard Professional certification offered by Global Skill Development Council is designed to recognize professionals who have demonstrated mastery of the Balanced Scorecard methodology.

HR BUSINESS PARTNER

GSDC's HR Business Partner certification is a globally recognized certification program that validates and certifies HR professionals' skills and expertise in strategic HR practices.

EMOTIONAL INTELLIGENCE

Elevate your capabilities with the GSDC Certified Emotional Intelligence, a cutting-edge credential tailored to the demands of the modern world.

OKR PRACTITIONER

The GSDC OKR Certification offers a validation of your expertise in Objective and Key Results (OKR) methodology, a pivotal framework in today's dynamic business landscape.

Generative AI Certification

GENERATIVE AI FOUNDATION

This certification equips you to harness generative AI's potential. In today's tech-driven environment, the Gen AI Foundation Certification empowers you with the expertise and credentials necessary to excel in this ever-evolving field, making you a certified generative AI foundation professional ready for the dynamic demands and opportunities of the industry.

GENERATIVE AI IN SOFTWARE DEVELOPMENT

GSDC's Generative AI IN Software Development certification designed for professionals who want to pursue their careers in Machine Learning and Artificial Intelligence. Through certification, they will have a great platform to enhance their skills and capabilities of core components of Generative AI.

GENERATIVE AI IN CYBERSECURITY

Generative AI in Cybersecurity Certification is one of GSDC's specialized Certification programs designed to demonstrate to Cybersecurity professionals the knowledge and skills they need to become experts.

GENERATIVE AI IN BUSINESS

GSDC's Certification in Generative AI IN Business is one of the valuable certificates that denotes the expertise in leveraging the trending generative AI technologies for practical applications within corporate circumstances.

GENERATIVE AI FOR LEADERS

GSDC generative AI for leader certification provides critical knowledge on leveraging generative AI to create value as a leader. As generative AI transforms industries, understanding its potential is essential for leaders.

GENERATIVE AI IN HR & L&D

For HR professionals and L&D specialists, the Generative AI in HR and Learning & Development Certification from GSDC is a specialized program. This certification allows professionals to gain core knowledge and skills to leverage generative AI for improving HR processes and employee training.

GENERATIVE AI IN FINANCE AND BANKING

GSDC's Generative AI in Finance and Banking Certification is one of the specialized programs developed for professionals in the financial industry. This certification brings professionals the knowledge of AI in finance and what skills they must have to understand the workings of AI in the banking sector.

GENERATIVE AI IN MARKETING

The GSDC's Generative AI in Marketing Certification is a specialized certification for marketing professionals who want to use generative AI in their marketing initiatives.

GENERATIVE AI IN RETAIL

GSDC's Generative AI in Retail Certification is one of the specialized programs that is well designed for professionals in the retail industry who are looking to revolutionize their operations and consumer experiences with the help of applications of generative AI technologies.

GENERATIVE AI IN RISK AND COMPLIANCE

GSDC's Generative AI in Risk & Compliance Certification is a specialized certification program developed for professionals in the sector of risk management and compliance. This certification provides the required knowledge and skills to leverage generative AI technologies more effectively.

GENERATIVE AI IN PROJECT MANAGEMENT

A Generative AI in Project Management Certification program equips professionals with the knowledge and skills needed to leverage cutting-edge artificial intelligence techniques for project planning, execution, and optimization.

GENERATIVE AI FOR PRODUCT MANAGEMENT

Generative AI is transforming Product Management, enabling teams to quickly ideate, prototype and validate new products. As this generative ai for Product Management technology matures, understanding how to ethically leverage it to enhance products is critical.

GENERATIVE AI FOR PROGRAM MANAGEMENT

As generative AI transforms how programs are managed, the GSDC Certified Generative AI for Program Management certification provides valuable proof of understanding this increasingly important technology.

Post Graduate Certification

POST GRADUATE CERTIFICATION PROGRAM IN PROJECT MANAGEMENT (PGCPM)

The GSDC Post Graduate Certification Program In Project Management (PGCPM) is designed to equip individuals with advanced skills in project management, enabling them to excel in dynamic business landscapes.

PG PROGRAM IN CLOUD COMPUTING

The GSDC PG - Program in Cloud Computing offers a highly valuable certification that focuses on the dynamic and rapidly growing field of cloud computing. As the demand for cloud technology continues to soar, this program equips professionals with essential skills and knowledge to excel in this evolving landscape.

Technologies

INFORMATION SECURITY

DATA PROTECTION OFFICER

GSDC's Certified Data Protection Officer Certification empowers you to acquire the skills and gain knowledge and competence to efficiently execute and manage a compliant framework with an aim to safeguard personal data.

INFORMATION SECURITY OFFICER

The GSDC Certified Information Security Officer certification validates the expertise of professionals in the field of information security. In today's technology-driven world, where data breaches and cyber threats are on the rise, this certification holds significant value.

INFORMATION SECURITY MANAGEMENT (ISO 27001) FOUNDATION

The GSDC Certified Information Security Management (ISO 27001) Foundation certification validates individuals' proficiency in certified information security management and highlights its significance in today's world.

INFORMATION SECURITY MANAGEMENT PRACTITIONER (CISMP)

The GSDC Certified Information Security Management Practitioner (CISMP) certification stands as a recognized validation of professionals' proficiency in the field of information security management.

CYBER PHYSICAL SYSTEMS

The GSDC Certificate In Cyber Physical Systems validates an individual's proficiency in the integration of computational and physical processes. Cyber Physical Systems (CPS) play a pivotal role in today's interconnected world, enabling real-time monitoring, control, and optimization across diverse industries.

DATA SCIENCE PROFESSIONAL

The GSDC Certified Data Science Professional certification is a well-known and highly desired certification for data science professionals. It proves that individuals have the necessary skills and expertise in data science.

PROMPT ENGINEERING CERTIFICATION

Elevate your professional trajectory in the world of technology and AI with the esteemed GSDC Certified Prompt Engineer Certification Program.

GENERATIVE AI PROFESSIONAL

The GSDC Generative AI Certification offers an invaluable opportunity to demonstrate expertise in the cutting-edge field of generative AI.

METaverse PROFESSIONAL

The GSDC Certified Metaverse Professional certification is designed to validate your expertise in the metaverse, a rapidly evolving technology that is becoming increasingly important in our world today.

SOFTWARE DEVELOPMENT LIFE CYCLE (SDLC) PROFESSIONAL

Software Development Life Cycle Certification is the systematic approach of Software development. It's a testimony to the individual's expertise and proficiency in the SDLC. This certification will help you validate the knowledge you need to make your professional career in SDLC.

AIOPS FOUNDATION

The GSDC AIOps Foundation certification is a recognized credential for individuals seeking to validate their expertise in AI Operations (AIOps).

ARTIFICIAL INTELLIGENCE FOUNDATION

The GSDC Certified Artificial Intelligence Foundation certification is a rigorous examination that validates your knowledge and understanding of Artificial Intelligence (AI).

MACHINE LEARNING PROFESSIONAL (CMLP)

In today's world, where technology continues to shape industries and drive innovation, the importance of machine learning cannot be overstated.

CLOUD AND CYBER SECURITY PROFESSIONAL

The GSDC Certified Cloud & Cyber Security Professional is a vital credential for professionals seeking expertise in certified cloud security. This certification equips you with the skills and knowledge you need to secure cloud environments effectively in today's increasingly digital world.

CLOUD COMPUTING FOUNDATION (CCF)

The GSDC Cloud Computing Foundation Certification (CCF) is a reputable certification that validates an individual's knowledge and skills in the core concepts of cloud computing. Designed for professionals looking to enhance their understanding of cloud computing and its applications, the Cloud Computing Certification serves as a testament to their expertise in the field.

ETHICAL HACKING FOUNDATION (CEHF)

Certified Ethical Hacking Foundation (CEHF) offered exclusively through GSDC certification exams, serves as evidence of your expertise in ethical hacking practices.

CLOUD ASSET MANAGEMENT

As cloud computing continues to transform businesses, cloud asset management has become an essential skillset. The GSDC Certified Cloud Asset Management certification validates expertise in managing cloud assets efficiently.

BIG DATA FOUNDATION

The GSDC Certified Big Data Foundation is an extensive certification that equips individuals with a deep understanding of the fundamental principles of big data.

IOT FOUNDATION

Internet of Things certification validates your expertise in key IoT concepts, architectures, protocols, and security considerations, empowering you to excel in this rapidly evolving field.

CYBERSECURITY FOUNDATION (CCSF)

The GSDC Certified CyberSecurity Foundation (CCSF) sets itself apart as a premier cybersecurity certification that exemplifies professionalism and expertise.

RPA PROFESSIONAL

The GSDC Certificate In Certified RPA Professional is a valuable certification that validates your expertise in Robotic Process Automation (RPA) technology. RPA is a game-changing technology that automates repetitive tasks, streamlines business processes and enhances operational efficiency.

IT ASSET MANAGEMENT FOUNDATION (ITAMF)

The GSDC IT Asset Management Foundation (ITAMF) certification stands as a distinguished industry credential, validating professionals' expertise in the area of IT asset management.

SERVICE DESK PROFESSIONAL

The GSDC Certified Service Desk Professional certification is designed for individuals seeking to enhance their skills and knowledge in the field of service desk management.

SOFTWARE ASSET MANAGER(CSAM)

The GSDC Certified Software Asset Management Certification is a well-recognized software asset management certification designed for professionals who wish to enhance their skills and knowledge in the field of software asset management.

HARDWARE ASSET MANAGER (CHAM)

The GSDC Certified Hardware Asset Manager certification (CHAM) sets a new standard for professionals in hardware asset management. This unique certification recognizes individuals who possess exceptional expertise in optimizing hardware assets and embracing innovative approaches.

ISO 27001 ISMS

ISO 27001:2022 LEAD AUDITOR

The GSDC Certified ISO 27001 Lead Auditor you can validate your role in various areas including planning, execution, and reporting of audits on organizations' ISMSs. As we know the objective is to evaluate the effectiveness of these systems in safeguarding information confidentiality, integrity, and availability.

ISO 27001:2022 LEAD IMPLEMENTER

The GSDC ISO 27001:2022 Lead Implementer certification allows you to develop the necessary expertise to support the business in implementing and managing an Information Security Management System.

ISO 27001:2013 LEAD IMPLEMENTER

The GSDC Certified ISO 27001 Lead Implementer certification is a distinguished credential for professionals seeking recognition in information security management systems (ISMS). It validates expertise in planning, implementing, managing, and maintaining an ISMS compliant with ISO 27001.

ISO 27701 LEAD IMPLEMENTER

The GSDC Certified ISO 27701 Lead Implementer certification validates professionals' expertise in implementing and managing the ISO 27701 standard for Privacy Information Management Systems (PIMS).

ISO 20000 ITSM

ITSM FOUNDATION: ISO/IEC 20000:2011

The GSDC ITSM Foundation: ISO/IEC 20000:2011 certification is a globally recognized credential that validates your knowledge and understanding of the ISO/IEC 20000:2011 standard for IT Service Management (ITSM).

ISO 20000:2018 LEAD AUDITOR

The GSDC Certified ISO 20000 Lead Auditor certification is a globally recognized credential that demonstrates your expertise in auditing IT service management systems according to ISO 20000 standards.

ISO 20000:2018 LEAD IMPLEMENTER

The GSDC Certified ISO 20000 Lead Implementer certification is designed for professionals seeking expertise in implementing and managing an IT service management system based on the ISO 20000:2018 standard.

ISO 22301 ITSM BCMS

ISO 22301:2019 LEAD AUDITOR

The GSDC Certified ISO 22301:2019 Lead Auditor certification or Business Continuity Management Certification is a prestigious validation for professionals specializing in auditing business continuity management systems based on the ISO 22301 standard.

ISO 22301 LEAD IMPLEMENTER

GSDC provides an esteemed certification examination for those aspiring to become GSDC Certified ISO 22301 Lead Implementers. This certification serves as a validation of professionals' capabilities in executing and overseeing a Business Continuity Management System (BCMS) aligned with the ISO 22301 standard.

ISO 41001 FMS

ISO 41001:2018 LEAD AUDITOR

ISO 41001 Lead Auditor certification demonstrates individuals' understanding of auditing principles, methodologies, and the specific requirements outlined in the ISO 41001:2018 standard.

ISO 41001:2018 LEAD IMPLEMENTER

GSDC's globally accredited ISO 41001:2018 Lead Implementer(ISO41001LI) or Facility Management System certification gives the high-level understanding of implementing principles & practices, in conformance with national & international accepted norms & regulations relating to facilities management system (FMS) requirements.

ISO 45001

ISO 45001 LEAD AUDITOR

The GSDC Certified ISO 45001 Lead Auditor certification is ideal for professionals aiming to specialize in auditing Occupational Health & Safety Management Systems (OH&S).

ISO 45001 LEAD IMPLEMENTER

GSDC ISO 45001 Lead Implementer showcases the skills that you need to establish, implement, manage, and maintain an occupational health and safety management system (OH&SMS) in compliance with ISO 45001:2018 requirements and guidelines.

ISO 9001:2015 LEAD AUDITOR

The GSDC Certified ISO 9001 Lead Auditor certification is a globally recognized credential that validates your expertise in auditing quality management systems according to the ISO 9001 standard.

ISO 20022 LEAD AUDITOR

ISO 20022 certification is gaining importance in the world of financial operations. The GSDC ISO 20022 Lead Auditor certification verifies expertise in this standard - the emerging data standard for modern payment systems.

SUSTAINABILITY PROFESSIONAL

The GSDC Certified Sustainability Professional certification demonstrates expertise in implementing sustainable IT solutions. As climate change threatens our world, certified sustainability professionals have never been more vital.

ISO 18404:2015 LEAD AUDITOR

The GSDC ISO 18404 certification program offers professionals an opportunity to validate their proficiency in the ISO 18404:2015 Lead Auditor standard, a crucial aspect of quality management. This certification signifies an individual's capacity to plan, execute, document, and follow through on ISO 18404 audits.

ISO/IEC 19770-1 LEAD AUDITOR

The GSDC Certified ISO 19770 Lead Auditor certification is ideal for professionals seeking expertise in auditing and compliance with the ISO/IEC 19770-1 standard. This certification validates your skills in evaluating and improving an organization's IT asset management system in accordance with ISO 19770-1 guidelines.

ISO 31000:2018 RISK MANAGER

Introducing the GSDC Certified ISO 31000 Risk Manager certification –a unique and distinguished credential that sets professionals apart in the field of risk management.

CLOUD TESTER FOUNDATION (CCTF)

The GSDC Certified Cloud Tester Foundation (CCTF) is a recognized certification that demonstrates your expertise as a foundation-level cloud tester.

CLOUD TESTER ADVANCE (CCTA)

The GSDC Certified Cloud Tester Advanced (CCTA) certification equips professionals with cutting-edge expertise in cloud testing methodologies and strategies. It validates your advanced skills as a certified cloud tester in today's dynamic technological landscape, where cloud solutions drive innovation and scalability.

SOFTWARE SECURITY TESTER FOUNDATION LEVEL (CSSTF)

The GSDC Certified Software Security Tester – Foundation Level (CSSTF) certification is a highly respected credential that focuses on the critical field of software security testing.

ADVANCED SOFTWARE SECURITY TESTER ADVANCE LEVEL (CASST)

GSDC's Certified Advanced Software Security Tester - Advanced Level (CASST) certification is designed to equip professionals with the necessary skills to identify potential threats and weaknesses in systems, ensuring the security of valuable data.

AGILE TESTER FOUNDATION LEVEL (CATF)

The GSDC Certified Agile Tester – Foundation Level (CATF) certification offers individuals a complete understanding of Agile testing principles and practices.

AGILE TESTER ADVANCE LEVEL (CATA)

Unlock the future with GSDC's Certified Advanced Agile Tester (CATA) certification, designed for the modern landscape. As businesses worldwide embrace agile methodologies, the demand for skilled professionals adept in agile testing continues to soar.

SOFTWARE DEVELOPER FOUNDATION (JAVA)

This module enables current or aspiring software professionals to become efficient members of a software development team, write maintainable code and apply a full-stack approach in real-life software development projects.

SOFTWARE DEVELOPER FOUNDATION (C#)

This module enables current or aspiring software professionals to become efficient members of a software development team, write maintainable code and apply a full-stack approach in real-life software development projects.

SOFTWARE DEVELOPER FOUNDATION (PYTHON)

This module enables current or aspiring software professionals to become efficient members of a software development team, write maintainable code and apply a full-stack approach in real-life software development projects.

SOFTWARE DEVELOPER ADVANCE (JAVA)

This module enables current or aspiring software professionals to become efficient members of a software development team, write maintainable code and apply a full-stack approach in real-life software development projects.

SOFTWARE DEVELOPER ADVANCE (C#)

This module enables current or aspiring software professionals to become efficient members of a software development team, write maintainable code and apply a full-stack approach in real-life software development projects.

SOFTWARE DEVELOPER ADVANCE (PYTHON)

This module enables current or aspiring software professionals to become efficient members of a software development team, write maintainable code and apply a full-stack approach in real-life software development projects.

SOFTWARE DEVELOPER ADVANCE (VUEJS)

This module enables current or aspiring software professionals to become efficient members of a software development team, write maintainable code and apply a full-stack approach in real-life software development projects.

SOFTWARE DEVELOPER ADVANCE (ANGULAR)

This module enables current or aspiring software professionals to become efficient members of a software development team, write maintainable code and apply a full-stack approach in real-life software development projects.

SOFTWARE DEVELOPER ADVANCE (REACT)

This module enables current or aspiring software professionals to become efficient members of a software development team, write maintainable code and apply a full-stack approach in real-life software development projects.

Blockchain

BLOCKCHAIN PROFESSIONAL PROGRAM (CBP)

The GSDC Certified Blockchain Professional Program (CBP) is a highly esteemed certification offered by the Global Skill Development Council. It is designed to assess practical expertise in blockchain technology through rigorous examinations.

BLOCKCHAIN ARCHITECT (CBA)

In today's rapidly evolving technological landscape, the GSDC Certified Blockchain Architect (CBA) certification stands as a testament to your expertise in the field of blockchain architecture.

BLOCKCHAIN ETHEREUM DEVELOPER (CBED)

The GSDC Certified Blockchain Ethereum Developer (CBED) certification exam validates your expertise in Ethereum development and blockchain technology.

BLOCKCHAIN HYPERLEDGER DEVELOPER (CBHD)

The GSDC Certified Blockchain HyperLedger Developer (CBHD) certification is a highly desirable credential for individuals aiming to advance their careers in the rapidly evolving world of blockchain technology.

BLOCKCHAIN FOR BUSINESS PROFESSIONAL

The GSDC Certified Blockchain For Business Professional certification is your gateway to harnessing the power of blockchain technology in today's world.

SRE

SRE FOUNDATION

The Site Reliability Engineering Certification offered by GSDC is a testament to the skills and expertise of an SRE. It demonstrates that the candidate has a comprehensive understanding of SRE principles, practices, and methodologies and can apply them to real-world scenarios.

SRE PRACTITIONER

The GSDC Certified SRE Practitioner certification is a highly regarded credential that validates your proficiency as a practitioner in Site Reliability Engineering (SRE). This certification is ideal for professionals who aim to enhance their expertise in managing and optimizing large-scale software systems.

DEVOPS CERTIFICATION

DEVOPS FOUNDATION

The GSDC Certified DevOps Foundation certification provides validated proof of a solid understanding of DevOps methodologies. As DevOps practices are being rapidly adopted across industries, this foundational certification equips candidates with highly relevant and desirable knowledge.

DEVOPS PRACTITIONER (CDP)

The GSDC Certified DevOps Practitioner (CDP) certification is a recognized credential that validates an individual's expertise as a DevOps Practitioner.

DEVOPS ENGINEER (CDE)

The GSDC governs the Certified DevOps Engineer Certification, which emphasizes the practical implementation of the DevOps framework through various tools.

DEVOPS DEVELOPER (CDD)

The GSDC Certified DevOps Developer (CDD) certification offers you the opportunity to become a certified DevOps developer, equipped with the necessary skills to excel in today's technology-driven world.

DEVOPS ARCHITECT (CDA)

GSDC Certified DevOps Architect is designed for professionals who possess advanced skills in architecting and implementing DevOps practices & technologies.

DEVSECOPS FOUNDATION

The GSDC Certified DevSecOps Foundation certification demonstrates competency in implementing security measures throughout the software development lifecycle, making candidates more attractive to potential employers.

DEVSECOPS ENGINEER(CDSOE)

The GSDC Certified DevSecOps Engineer (CDSOE) is a certification highly coveted by those with expertise in developing, deploying, and maintaining secure software solutions using the latest devsecops methodologies.

DEVSECOPS PRACTITIONER

The GSDC Certified DevSecops Practitioner certification demonstrates expertise in devsecops, which has become critical for organizations looking to rapidly deliver secure software.

AGILE & SCRUM

AGILE PROJECT MANAGEMENT

Elevate your qualifications with the GSDC Certified Agile Project Manager (CAPM) certification. Whether you have experience working on agile projects as a Developer in a Scrum Team or have seen the transformative power of agile methodologies.

AGILE ITSM MANAGER (CAISM)

The GSDC Certified Agile ITSM Manager (CAISM) certification is a recognized credential that empowers professionals to excel in Agile IT Service Management. Through GSDC's rigorous examination process, this certification validates individuals' ability to seamlessly integrate Agile principles into ITSM practices, driving efficient service delivery and customer satisfaction.

AGILE SCRUM MASTER (CASM)

The GSDC Certified Agile Scrum Master (CASM) certification validates your expertise as an Agile Scrum Master, equipping you with the knowledge and skills necessary to effectively lead and manage Agile Scrum projects.

AGILE SCRUM (ASF) FOUNDATION

With a focus on Agile principles, the Agile Scrum certification equips you with the necessary skills to effectively collaborate, adapt, and deliver high-quality projects using Agile Scrum frameworks.

AGILE SCRUM PRODUCT OWNER (CASPO)

The GSDC Certified Agile Scrum Product Owner (CASPO) certification is a validation of your proficiency as a certified scrum product owner in today's fast-paced business environment.

LEAN IMPLEMENTER (CLI)

The GSDC Certified Lean Implementer (CLI) certification is a valuable qualification for professionals in today's fast-paced world. With technology advancing rapidly, organizations are focused on streamlining processes and improving efficiency.

PRACTITIONER CERTIFIED IN BUSINESS ANALYSIS

GSDC's Practitioner Certified in Business Analysis qualification gives candidates an understanding of standard business analysis practices and techniques in depth. After earning this qualification, individuals will be able to drive their organization towards success in this rapidly changing business environment.

KANBAN PROFESSIONAL

The GSDC Certified KANBAN Professional certification is more than just a testament to your expertise in Kanban methodology; it's a passport to unlocking new opportunities and pushing the boundaries of organizational efficiency.

DESIGN THINKING PROFESSIONAL

The GSDC Certified Design Thinking Professional certification, provided by Global Skills Development Council (GSDC), serves as a validation of individuals' expertise in design thinking—an influential approach to problem-solving and innovation.

ADDITIVE MANUFACTURING PROFESSIONAL

The GSDC Certified Additive Manufacturing Professional certification is a valuable credential that validates an individual's expertise in the field of additive manufacturing, also known as 3D printing.

Six Sigma

LEAN SIX SIGMA BLACK BELT

The GSDC Lean Six Sigma Black Belt Certification shows that a person has a thorough mastery of all aspects of the six sigma body language and is ready to take on the challenges that come in that journey.

LEAN SIX SIGMA GREEN BELT

The GSDC Lean Six Sigma Green Belt Certification is a well-respected certification that acknowledges professionals' proficiency in the Lean Six Sigma methodology. The certification exam evaluates a candidate's knowledge and ability to apply Lean Six Sigma principles, tools, and techniques to practical situations.

LEAN SIX SIGMA YELLOW BELT

The GSDC Lean Six Sigma Yellow Belt Certification is a widely recognized credential that validates your expertise in the principles and practices of Lean Six Sigma.

OUR ACCREDITATION:

THE AMERICAN NATIONAL STANDARDS INSTITUTE (ANSI) IS A 501(C)3 PRIVATE, NON-PROFITABLE ORGANIZATION THAT ADMINISTRATES AND COORDINATES THE US VOLUNTARY STANDARDS AND CONFORMITY ASSESSMENT SYSTEM.

FOUNDED IN 1918, THE INSTITUTE WORKS IN CLOSE COLLABORATION WITH STAKEHOLDERS FROM INDUSTRY AND GOVERNMENT TO IDENTIFY AND DEVELOP STANDARD AND CONFORMANCE-BASED SOLUTIONS THAT MEET THE NEEDS OF NATIONAL AND GLOBAL PRIORITIES.

THE GLOBAL SKILL DEVELOPMENT COUNCIL (GSDC) IS PROUD TO BE ANSI MEMBER.

THE ACCREDITATION BOARD FOR INTERNATIONAL CERTIFICATION BODIES (ABICB) IS AN INDEPENDENT, INTERNATIONALLY RENOWNED ACCREDITATIONS BODY THAT ACCREDITS EDUCATIONAL CERTIFICATION PROGRAMS FOR GOVERNING BODIES. WITH A GLOBAL MISSION OF INCREASING THE IMPORTANCE OF ACCREDITATION, ABICB HAS BEEN FORMED TO BRING INDEPENDENT INFORMATION TO BOTH THE STUDENT & WORKING CLOSELY WITH THE ORGANIZATIONS FOR CONTINUAL IMPROVEMENT IN ACCORDANCE WITH INTERNATIONAL STANDARDS.

WITH AN INDEPENDENT, UNBIASED, AND HOLISTIC APPROACH, THE PRIMARY OBJECTIVE OF ABICB IS TO PROVIDE A HIGH-QUALITY LEARNING EXPERIENCE FOR ALL. GSDC IS PROUD ABICB ACCREDITED ORGANIZATION TO DELIVER A HIGH STANDARD QUALITY CERTIFICATION PROGRAM.

GSDC TECHNICAL ADVISORY BOARD :

The GSDC is the leading certificate association which brings together innovation organizations and founding thought-leaders as Technical Advisors from over 40 countries to design curriculum on IT certifications.

ABOUT GSDC

More than 90,000 professionals became certified with our various Certification programs. Worldwide Credibility from all leading organisations and Acceptance of Accredited Certification issued by Global Skill Development Council GSDC™.
