Introduction

Certified in ISO 2022 Lead Auditor

ISO 2022 certification is gaining importance in the world of financial operations. The GSDC ISO 2022 Lead Auditor certification verifies expertise in this standard - the emerging data standard for modern payment systems. With ISO 2022 adoption accelerating globally, certified ISO 2022 lead auditor professionals have relevant skills to assess and validate financial messaging systems and services.

Earning this certification demonstrates specialization in the ISO 2022 data format and protocols. As financial institutions migrate to ISO 2022, certified auditors will be crucial in driving and validating the transition. This designation showcases capabilities in this standard's assessment methodologies required for oversight during large-scale ISO 2022 projects.

Given the expanding global ISO 2022 footprint, this ISO 2022 certification has significant long-term value for audit, risk, and compliance professionals in finance.

Certified Learning & Development Professional CLDP
I took the certification course "Certified Learning & Development Professional CLDP" approved by the GSDC - Global Skill Development Council. So grateful to the professional team at the GSDC for this enlightening opportunity; namely, Ruguzeno, for her dedication, responsiveness, and constant support throughout this learning journey. And very special thanks to the amazing trainer and coach Deepak Sharma for the great weekly live sessions which I believe are the highlight of this certification programme. His knowledge, expertise, and outstanding skills have made the course very insightful, engaging, and enjoyable!
