

Certified ISO 41001:2018 Lead Auditor

ISO 41001 Lead Auditor certification demonstrates individuals' understanding of auditing principles, methodologies, and the specific requirements outlined in the ISO 41001:2018 standard.

Certified ISO 41001:2018 Lead Auditor

ABOUT CERTIFICATION

GSDC offers the ISO 41001 Lead Auditor certification exam, enabling professionals to showcase their knowledge and practical skills in conducting effective facility management audits. By successfully completing this exam, candidates demonstrate their ability to plan, execute, and manage audits while ensuring compliance with the ISO 41001:2018 standard.

However, this certification serves as a valuable credential for experienced professionals who have already acquired the necessary knowledge and practical experience in facility management auditing. The GSDC Certified ISO 41001:2018 Lead Auditor certification enhances professionals' credibility and highlights their competence in identifying areas for improvement, evaluating facility management processes, and supporting organizations in maintaining compliance with the ISO 41001:2018 standard.

OBJECTIVES

After the completion of your training you will be able to:

1. Efficiently plan, execute, and manage audits.
2. Ensure a solid grip of FMS Standards.
3. Identify process improvement opportunities.
4. Evaluate performance, assess risks, and drive improvement.
5. Support ISO 41001:2018 compliance.
6. Enhance professional credibility.
