CERTIFIED INSTRUCTIONAL DESIGNER CERTIFICATION

GSDC
Global Skill Development Council

CISD

CERTIFIED

The Certified Instructional Designer certification offered by GSDC is a professional certification program that aims to validate the skills and knowledge of individuals working in the field of instructional design.

CERTIFIED INSTRUCTIONAL DESIGNER CERTIFICATION

ABOUT CERTIFICATION

To earn the certification, candidates must pass an exam that covers various aspects of instructional design, including analysis, design, development, implementation, and evaluation of instructional materials and programs. The Certified Instructional Designer certification is a globally recognized credential that demonstrates an individual's proficiency in the field of instructional design.

This certification can be useful for instructional designers, trainers, educators, and other professionals who are involved in developing and delivering effective learning programs.

Overall, the Certified Instructional Designer certification from GSDC is a valuable credential for individuals looking to advance their careers in instructional design and demonstrate their expertise in the field.

OBJECTIVES

1. The certification validates skills and knowledge in the field of instructional design.
2. It demonstrates proficiency in developing effective learning programs.
3. Obtaining the certification can lead to career advancement opportunities in instructional design.
4. The certification builds credibility and establishes recognition as an expert in the field.
5. Certified Instructional Designers are equipped to better meet the needs of learners and organizations.
6. The certification ensures individuals are up-to-date with the latest trends and best practices in instructional design.

Our Accreditation:

The Global Skill Development Council (GSDC) is the leading third-party, Vendor neutral, international credentialing and certification organization. The Global Skill Development Council (GSDC) is proud to be ANSI Accredited Member.
The American National Standards Institute (ANSI) is a private, non-profit organization that administers and coordinates the U.S. voluntary standards and conformity assessment system.

The Global Skill Development Council (GSDC) is the leading third-party, vendor-neutral, Intern-ational credentialing and certification organization. The Global Skill Development Council (GSDC) is proud to be ABICB accredited member.Accreditation Board For Inter- national Certification Bodies's accrediation is globally recognized as the highest certificati- on for training institutes as it is an independent autonomous body

COURSE SYLLABUS

1.Introduction to Instructional Design:
- Instructional design principles and models
- Needs analysis and task analysis
- Learning objectives and outcomes

2.Designing Effective Learning Experiences:
- Engaging and motivating learners
- Practical assessments and feedback loops
- Adapting to different learning styles

3.Developing Effective Instructional Materials:
- Selecting and using media in learning materials
- Writing and creating effective learning content
- Designing multimedia components
- Developing accessible learning materials

4.Delivering Effective Instruction:
- Choosing appropriate delivery methods
- Developing effective instructor-led training
- Designing and developing e-learning courses

5.Evaluation and Assessment:
- Different evaluation methods
- Using data to measure the effectiveness
- Making recommendations for improvement

6.Collaboration and Project Management:
- Collaborating with subject matter experts and stakeholders
- Managing project timelines and resources
- Handling difficult stakeholders and conflicts

7.Accessibility and Universal Design:
- Accessibility and universal design principles
- Adapting training materials for different audiences
- Addressing common accessibility issues

8.Mobile Learning and Microlearning:
- Mobile learning and designing for mobile devices
- Microlearning and developing effective microlearning materials

9.Social Learning and Communities of Practice:
- Social learning and developing compelling social learning experiences
- Building and managing communities of practice

10.Gamification and Learning Analytics:
- Gamification in learning and designing compelling gamification experiences
- Using learning analytics to measure the effectiveness

11.Trends and Future Directions in Instructional Design:
- Emerging trends in instructional design
- Future directions for the field
- Building a professional network and continuing education

GSDC Technical Advisory Board :

The GSDC is the leading certification association which brings together innovative organizations and founding thought-leaders as Technical Advisors from over 40 countries to design curriculum on Blockchain, Devops, Six Sigma & Agile Certifications.

Our Future Information

Target Audience

- Instructional Designers
- Learning Professionals
- HR Professionals
- E-Learning Developers
- Curriculum Developers
- Instructional Coordinators
- Instructional Technologists
- Training and Development Managers
- Talent Development Specialists

Pre-requisites

There is no such recommended experience required for getting this certification.
