

# Certified ISO 27001:2022 Lead Auditor

## Global Certification Program

- ✓ Globally lifetime Valid Certification
- ✓ Lifetime Valid Certification
- ✓ AI based Roleplay & Simulations
- ✓ Two Exam Attempts

# An Overview

## What You Can Expect From This Program?

With the GSDC Certified ISO 27001 Lead Auditor certification, professionals can validate their role in various areas, including planning, executing, and reporting audits on organizations' Information Security Management Systems (ISMS). The primary objective is to evaluate the effectiveness of these systems in safeguarding information confidentiality, integrity, and availability.

Certified ISO 27001 Lead Auditors possess a deep understanding of the ISO 27001 standard and its requirements, as well as the ability to apply audit techniques to assess whether an ISMS is compliant with the standard. Lead Auditors are also responsible for ensuring that audits are carried out in compliance with ISO 19011, the global standard for managing systems audits.

To attain the Certified ISO 27001 Lead Auditor status, individuals must complete an accredited course and pass an examination. This certification is highly valued in industries and organizations that prioritize information security and risk management..

Partnered with 50+ global training organizations, GSDC is your gateway to unlocking endless opportunities.

**Join us today and let your skills soar to new heights!**

# Introduction

**Certified ISO 27001:2022 Lead Auditor**

With GSDC Certified ISO 27001 Lead Auditor you can validate your role in various areas including planning, execution, and reporting of audits on organizations' ISMSs. As we know the objective is to evaluate the effectiveness of these systems in safeguarding information confidentiality, compliance, integrity, availability and its security.

Lead Auditors must have a deep understanding of ISO 27001 and its requirements and the ability to apply audit techniques to assess whether an ISMS is compliant with the Standard. Lead Auditors are also in charge of making sure that audits are carried out in compliance with ISO 19011, the global standard for managing systems audits.

To attain Certified ISO 27001 Lead Auditor status, individuals must complete an accredited course and pass an examination.

# Learning Objective

- ✓ Assess compliance with ISO 27001:2022 standards
- ✓ Identify gaps and non-conformities for improvement
- ✓ Evaluate the effectiveness of information security management systems
- ✓ Conduct thorough audits of security controls
- ✓ Verify adherence to legal and regulatory requirements
- ✓ Provide recommendations for enhancing information security
- ✓ Ensure continuous improvement of security practices
- ✓ Foster a culture of risk management awareness
- ✓ Promote confidentiality, integrity, and availability of data
- ✓ Enhance overall information security governance

## OBJECTIVES OF ISO 27001:2022 LEAD AUDITOR CERTIFICATE

## 1. Overview of ISO 27001:2022 and ISMS Principles:

- Overview of the changes introduced in ISO 27001:2022
- Comprehensive understanding of the principles of information security: Confidentiality, Integrity, and Availability (CIA)
- Analysis of the organization's scope and context in relation to ISMS

## 2. Governance and Policy for ISMS:

- Recognizing the pivotal role of leadership in information security management
- Formulating an Effective Information Security Policy
- Ensuring alignment between the policy and organizational objectives

## 3. Strategic Planning and Risk Analysis:

- Strategizing the implementation of ISMS
- Conducting meticulous risk assessments and identifying potential information security risks
- Developing comprehensive risk treatment plans

## 4. Support and Allocation of Resources:

- Efficiently managing resources for ISMS implementation
- Enhancing competence and awareness within the organization
- Establishing effective communication channels
- Managing documented information effectively

## 5. Implementation and Mitigation of Risks:

- Implementing robust controls to mitigate identified risks
- Monitoring and managing security incidents effectively
- Ensuring seamless business continuity and disaster recovery

## 6. Evaluation of Performance and Monitoring:

- Thoroughly evaluating the effectiveness of ISMS
- Conducting regular performance reviews
- Monitoring key performance indicators diligently

## 7. Internal Audit and Review by Management:

- Understanding the purpose and process of internal audits
- Clarifying roles and responsibilities of internal auditors
- Conducting comprehensive management reviews of ISMS

## 8. Remedial Action and Ongoing Enhancement:

- Managing non-conformities and implementing corrective actions promptly
- Establishing a culture of continual improvement within the organization
- Learning from incidents and effectively implementing lessons learned

## 9. ISMS Certification Audit Procedure:

- Understanding the intricacies of the certification audit process
- Defining roles and responsibilities of auditors and auditees
- Preparing for and actively participating in the certification audit

## 10. Basics of Auditing:

- Introduction to fundamental auditing terminology and definitions
- Understanding different types of audits and their respective purposes
- Establishing a robust and effective audit program

## 11. Management of Audit Programs:

- Identifying and evaluating risks associated with the audit program
- Defining clear and measurable audit program objectives
- Clarifying roles, responsibilities, and competence requirements for auditors
- Evaluating and measuring the performance of individual auditors

## 12. Planning and Implementation of Audits:

- Defining the scope, objectives, and criteria for audits
- Developing a comprehensive audit methodology and approach
- Initiating audit activities and meticulously planning the audit process
- Assigning appropriate roles and responsibilities to auditors
- Creating an effective audit checklist

## 13. Collection of Audit Evidence and Reporting:

- Utilizing effective methods for collecting audit evidence
- Preparing and distributing comprehensive and accurate audit reports
- Ensuring completion of the entire audit process

## 14. Evaluating Auditor Competence:

- Ensuring continuous competence and development of auditors
- Evaluating the Performance and Skills of Auditors

## 15. Resolution of Non-Conformities and Follow-Up Audits:

- Efficiently managing non-conformities identified during audits
- Ensuring closure of non-conformities and verifying their effectiveness
- Conducting follow-up audits to ensure ongoing compliance

# Unleash Unlimited Potential

All GSDC certifications come with a lifetime membership, offering you a world of benefits to fuel your professional growth.

## Expert Created Learning Material

Learn from knowledge shared by Top Industry Experts with 15+ yrs of experience.

## Downloadable Resources

Get access to templates and reference documents which will help you to do your day to day tasks easier.

## Access to Global Conferences

Be a part of GSDC thriving learning community around the world, sharing knowledge from across the world.

## Certificate Upgrades

Get complimentary certificate upgrades to keep up with the latest updates in processes and frameworks.

## Speaker invites @ GSDC Webinar Series

Share your knowledge with world at GSDC global webinar series, share your expertise and learn from others.

## Newsletters, blogs with industry insights

Get newsletters, announcements and articles curated by experts direct to your inbox.

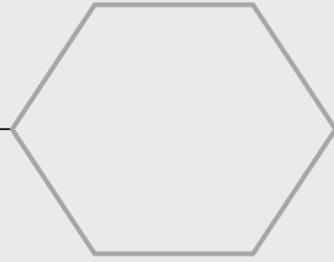

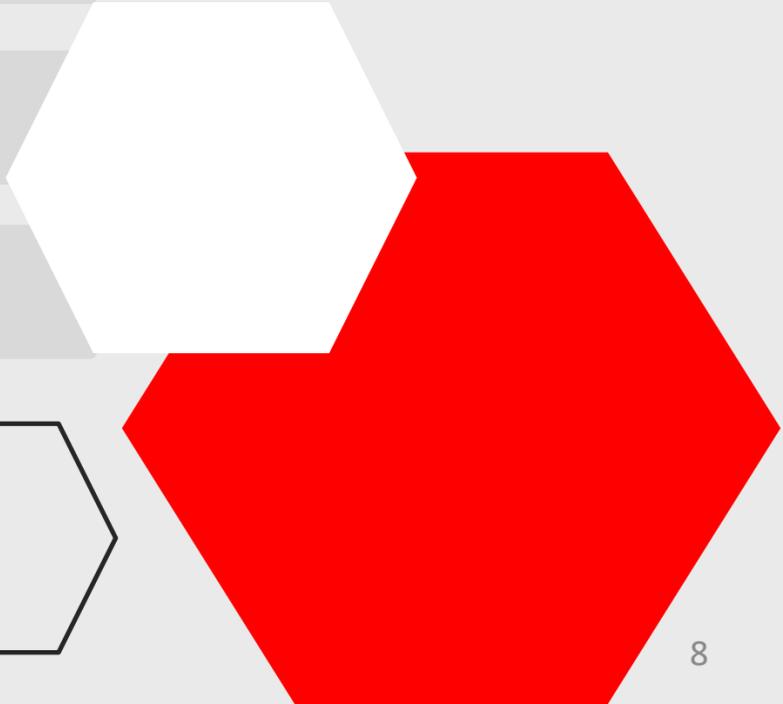

## AI Based Role Play

Learn to implement applicability of knowledge with real life simulation based games.

# What You Get In this Certification Program?

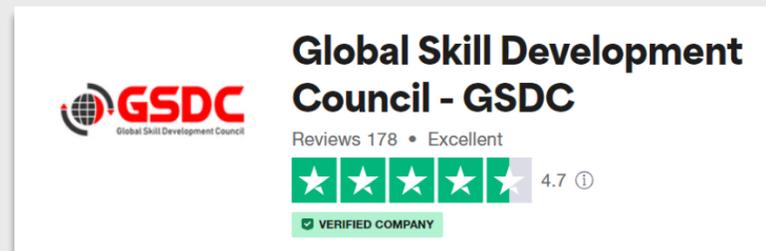

---

- Engaging digital learning videos
  - Exclusive access to Global thought leader sessions & case studies
  - Downloadable and implementable resources to support practical application
  - Two mock exams with unlimited attempts for comprehensive preparation
  - Certification exam voucher with 1-year validity
  - Two attempts for certification exam

**Certified Learning & Development Professional CLDP**  
I took the certification course "Certified Learning & Development Professional CLDP" approved by the GSDC - Global Skill Development Council. So grateful to the professional team at the GSDC for this enlightening opportunity; namely, Ruguozeno, for her dedication, responsiveness, and constant support throughout this learning journey. And very special thanks to the amazing trainer and coach Deepak Sharma for the great weekly live sessions which I believe are the highlight of this certification programme. His knowledge, expertise, and outstanding skills have made the course very insightful, engaging, and enjoyable!
