Join us today and let your skills soar to new heights!

Introduction

Certified Blockchain Professional Program(CBP)

The GSDC Certified Blockchain Professional Program (CBP) is a highly esteemed certification offered by the Global Skill Development Council. It is designed to assess practical expertise in blockchain technology through rigorous examinations. Covering essential topics such as blockchain fundamentals, applications, security, and regulations, the Blockchain Certification serves as a recognition of individuals' credibility and proficiency in the field.

With the Blockchain professional certification, individuals open doors to diverse career opportunities in the blockchain industry. They can contribute to blockchain implementation projects, offer consulting services, or even venture into entrepreneurial endeavors.

The Blockchain certification empowers professionals to make significant contributions in the ever-evolving world of blockchain technology.

The Blockchain Certification provides the professionals with an ability to learn and demonstrate competency through:

Identifying opportunities for transformation/disruption via Blockchain including emerging opportunities in Cryptocurrencies, ICOs, and DAOs.

Develop enterprise-focused use-case and determine Blockchain governance, business model, customer experience, partner/channel impacts.

Develop the Blockchain Lean Canvas and Blockchain business case for the Proof-of-Concept/MVP development.

Learning Objective

- Demonstrate practical expertise and knowledge in blockchain technology through validation.
- Evaluate candidates' comprehension of blockchain fundamentals, applications, security, and regulatory considerations.
- Master secure and scalable blockchain solutions across industries.
- Drive innovation with blockchain for disruptive business models.
- Navigate the regulatory landscape and mitigate blockchain risks.
- Join a global community of certified blockchain experts.
- Establish professionals as reputable experts within the field of blockchain.
- Enhance career prospects and distinguish individuals in a competitive job market.
- Enable professionals to pursue diverse opportunities in the blockchain industry, such as implementation projects, consulting services, and entrepreneurship.
- Showcase a dedication to ongoing professional development and staying current with the latest advancements in blockchain technology.

Objectives Of Certified Blockchain Professional Program (CBP)

Certified Learning & Development Professional CLDP

I took the certification course "Certified Learning & Development Professional CLDP" approved by the GSDC - Global Skill Development Council. So grateful to the professional team at the GSDC for this enlightening opportunity; namely, Ruguozeno, for her dedication, responsiveness, and constant support throughout this learning journey. And very special thanks to the amazing trainer and coach Deepak Sharma for the great weekly live sessions which I believe are the highlight of this certification programme. His knowledge, expertise, and outstanding skills have made the course very insightful, engaging, and enjoyable!
