Partnered with 100+ global training organizations, GSDC is your gateway to unlocking endless opportunities.

Join us today and let your skills soar to new heights!

Introduction

Certified DevSecOps Foundation

The GSDC Certified DevSecOps Foundation certification demonstrates competency in implementing security measures throughout the software development lifecycle, making candidates more attractive to potential employers. By gaining an understanding of DevSecOps concepts and best practices, certified DevSecOps foundation professionals can drive business value through enhanced governance, risk management, and compliance.

This devsecops certification helps candidates stay current on the latest trends in this growing field, expected to expand at a rate of nearly 32% annually. The certification also provides opportunities to learn from experienced professionals and expand professional networks.

Overall, the GSDC DevSecOps foundation certification equips candidates with knowledge highly relevant in day-to-day operations, validating expertise that can translate into lucrative DevSecOps career opportunities and increased salary potential.

Certified Learning & Development Professional CLDP
I took the certification course "Certified Learning & Development Professional CLDP" approved by the GSDC - Global Skill Development Council. So grateful to the professional team at the GSDC for this enlightening opportunity; namely, Ruguzeno, for her dedication, responsiveness, and constant support throughout this learning journey. And very special thanks to the amazing trainer and coach Deepak Sharma for the great weekly live sessions which I believe are the highlight of this certification programme. His knowledge, expertise, and outstanding skills have made the course very insightful, engaging, and enjoyable!
