# Introduction

## Certified in ISO 22301:2019 Lead Implementer

GSDC provides an esteemed certification examination for those aspiring to become GSDC Certified ISO 22301 Lead Implementers. This certification serves as a validation of professionals' capabilities in executing and overseeing a Business Continuity Management System (BCMS) aligned with the ISO 22301 standard.

By achieving this widely recognized certification, individuals demonstrate their proficiency in establishing, implementing, maintaining, and enhancing a robust BCMS, ensuring uninterrupted business operations even in the face of disruptive incidents.

The GSDC Certified ISO 22301 Lead Implementer certification highlights professionals' expertise in comprehending ISO 22301 requirements, leading implementation efforts, identifying and mitigating risks, and efficiently managing incidents.

With GSDC's focus on certification examinations rather than training courses, professionals can directly exhibit their practical knowledge and skills, solidifying this certification as a compelling testament to their ability to effectively implement and maintain an ISO 22301-compliant BCMS.

**Certified Learning & Development Professional CLDP**  
I took the certification course "Certified Learning & Development Professional CLDP" approved by the GSDC - Global Skill Development Council. So grateful to the professional team at the GSDC for this enlightening opportunity; namely, Ruguzeno, for her dedication, responsiveness, and constant support throughout this learning journey. And very special thanks to the amazing trainer and coach Deepak Sharma for the great weekly live sessions which I believe are the highlight of this certification programme. His knowledge, expertise, and outstanding skills have made the course very insightful, engaging, and enjoyable!
