

# You Watched It Live. Now You Build It.

A hands-on 4-day bootcamp for Project Managers ready to go from observer to practitioner.

Hi [Participant Name],

Thank you for enrolling in the Gen AI for PMs — Bootcamp! You attended our webinar and saw AI transform PM workflows in real time. Now it's time to get hands-on and build your own AI-powered toolkit from scratch.

**12 intense, hands-on, game-changing hours await.**

## Session Details

---

**Dates** : 15, 16, 17, 18 June 2025

**Time** : 7:00 PM – 10:00 PM IST

**Mode** : Live Online (Zoom) | 12 Hours across 4 Days

 **Zoom** : [INSERT ZOOM LINK HERE]

 **WhatsApp** : [INSERT WHATSAPP GROUP LINK HERE]

## Prerequisite

---

### ChatGPT Go (Plus) Membership Required

Day 2 includes a live lab where you will build your own Custom GPT — this requires a ChatGPT Go (Plus) subscription. Please ensure you have an active subscription before June 15th.

*Cost: ~\$20/month. You can cancel after the bootcamp if needed.*

## What You Will Build Over 4 Days

---

**Day 1 — The Skills Shift:** AI fundamentals (ChatGPT vs Claude vs Gemini), Prompting Mastery (Role + Context + Task + Format + Constraints framework), Lab: Rewrite real PM emails for 3 audiences

**Day 2 — Build Workflows:** AI-powered sprint planning (PRD → full sprint in 30 min), Lab: Build your own Custom GPT Status Report Generator, AI for documentation & knowledge transfer, Capstone kick-off

**Day 3 — Master & Deploy:** Multi-tool workflows & n8n automation, Project knowledge base with RAG (ChatGPT Go + NotebookLM + Gemini Gems), Industry case studies, Supervised capstone build

**Day 4 — Showcase & Career:** Capstone showcase (live demos), Real-world PM Q&A scenarios, AI tool stack & budget strategy (free to \$200/month options), Career path planning + certification

## Capstone Tracks — Choose Your Build

---

- AI Status Report System
- ChatGPT for Sprint Planning
- Automated Risk Register + Weekly Digest
- Stakeholder Communication Engine

Every participant leaves with a working AI tool they built themselves — ready to use at work from Day 1.

## What You Receive

---

-  Pre-Reading Material
-  Training Material & Prompt Templates
-  Session Recordings (all 4 days)
-  PDU Certificate

## Missed a Session? No Worries!

---

If you miss a session due to an emergency or prior commitment, you can join the same session in any upcoming batch — at no extra cost. Just inform Vaishnavi in advance.

### Upcoming Batches:

- 27 & 28 June | 1:00 PM – 7:00 PM IST
- 20, 21, 22, 23 July | 7:00 PM – 10:00 PM IST

## Your Trainer

---

### **Vikas Sharma** — *Senior Trainer & AI for PM Expert*

You already know Vikas from the webinar. Over 4 days, he'll guide you through live labs, real PM scenarios, and hands-on capstone work — pushing you to actually build, not just watch.

## Your SPOC — Vaishnavi Prabhune

---

I'm your dedicated point of contact for this program. Reach out anytime — before, during, or after the bootcamp.

 **WhatsApp** : 7420 887 497

 **Email** : vaishnavi.prabhune@novelvista.com

## Before June 15 — Quick Checklist

---

- Activate your ChatGPT Go (Plus) subscription (INR 399/month)
- Block all 4 days on your calendar — 7–10 PM IST
- Come with 1 real project scenario in mind to work on!
- Go through the attached detailed agenda for the bootcamp

 **Attached:** Detailed 4-day agenda with module timings, tools used, and lab descriptions.

**See you on June 15th — ready to build!**
